

ALDENALLI

Located in the Petaluma Wind Gap, Sunchase Vineyard offers a slightly different profile within the Sonoma Coast AVA. Sunchase Vineyard sits at about 1,000 feet elevation on the western side of Sonoma Mountain. 2017 was our first vintage producing a vineyard designate of this wine. The 2017 Sunchase Pinot Noir has intriguing depth and an almost brooding quality. Deep, dark fruit flavors are complimented by spice components. A small amount of whole cluster fermentation provides backbone, density and structure for the elegant flavor profile.
